

THE BENEFITS OF CLOSING THE COVERAGE GAP IN TEXAS

WHO'S IN THE GAP?

Texans in the Coverage Gap are uninsured adults who can't get affordable health insurance until Texas accepts federal funds -- while other adults with higher incomes get generous premium assistance.

CLOSING THE GAP WOULD

AND

pump money in:

\$5.7 to \$6 billion every year in new health care for our county economy and...

...shrink the \$4.3 billion local taxpayers pay now for uninsured health care.

PROVIDE COVERAGE FOR

1.2 million

county residents in coverage gap

2 million

county residents could be covered
